Gameslantern Imprint Privacy Policy Advertise Terms of use Copyright © Games Lantern 2022 - 2025 This site is in not endorsed by or affiliated with any game or software companies. Start by speaking with Einar Priestess Agnes at Herba Village. This Chest contains 50 Paste Baits. Screenshot by The Escapist Certain sea creatures along the beach will sometimes drop Shrimp Bait when killed. Check out the mobs locations in Throne and Liberty Interactive Map. Head to a large body of water such as a lake or ocean, and enter your menu. The fishing mini-game in Throne and Liberty can be super frustrating before you get the hang of it. Fishing is one of the mini-games you would want to spend more time on to maximize the cooking mechanic in Throne and Liberty. By honing fishing skills, upgrading equipment, and learning the nuances of each fishing spot, players can turn this side activity into a powerful source of resources and income. Make sure to equip the Fishing Rod and bait. It contains everything you need to know about fishing, from the very basics, with equipment and tips for beginners, to higher-end tips and tricks to get the most out of your haul. The Bamboo Fishing Rod provides a sufficient introduction to fishing mechanics and is especially useful for lower-level waters and common fish. How Fishing Works in Throne and Liberty Fishermen in Throne and Liberty will need to learn to fish properly, and at the right time. That way, your stamina can recover between tugs so you have energy left to pull. Daybreak Shore Expedition Pouch. Kraken Fishing Rod: During special events or expedition challenges, you can obtain Expedition Pouches from Daybreak Shore. Here are some of the ones to look out for: Using the Wrong Bait: A certain fish react to particular bait. From that point an area is created in which you will have to keep the fish to hurt it and catch it, imagine it, once the fish loses all its HP, you will catch it. Having it already equipped seems to cause a glitch where the fishing option doesn't show up. Location Requirement: These events may require access to specific shores or coasts in the game, so keep an eye on announcements and timed events to take advantage of this reward. This way, whenever fish bites, players will have to partake in a mini-game where they have to balance the tension on the line just so whenever fish bites, feeling like each catch is earned as the player will have to rapidly respond to avoid losing their catch. There are two ways to do this – completing a specific quest or purchasing one. Head to your inventory and open up the chest to get your bait. So do not expect to get Shrimp Bait every time you loot one of this mobs, have some patience and keep farming them. Wait for a fish to bite, and follow the on-screen prompt to hook that fish. Required Material: Nature's Jade. Found in Small Sacks and Big Sacks obtained during Fishing, Nature's Jade is essential for crafting higher-tier rods. To do this, open up the extra menu from your inventory page (hit R3 on PS5). Chapter Three Side Quest: In the Adventure Codex, there's a side quest called Adventures of the Expedition which rewards a Bamboo Fishing Rod. Far from being decorative, fish serve a purpose that we will expand on further along, but I will tell you that they have craft, trade and even strengthening function through consumables or tradeable items. Fishing at Throne and Liberty is not difficult. This guide has everything you need to get started for both new and experienced players. Starting Your Fishing Part Of Throne and Liberty Fishing requires some basic equipment for players to get started, which includes a Fishing Rod and bait, both of which can be purchased from NPC vendors or crafted. It may take some practice but once you get the hang of it, it is quite simple. Additionally, you can find several other types of bait during your playthrough: Fish Filet BaitWorm BaitShrimp Bait Fish Filet Bait has been found in rare Big Catch Sacks, but there could be other locations where it drops in the game. These can contain cooking ingredients, Sollant (money), Trait Unlockstones, and much more. Master the Tension Game: Balancing the line's tension is crucial to keeping fish hooked. Trusted 4.8/5 on Trustpilot, 10/10 among Players. If the fish moves to the right, use the A key to drag it to the left, if it moves to the left, use the D key to drag it to the right. This quest gives you the starter fishing gear: A free Bamboo Fishing Rod (the same one you can get from the Contract Coin Merchant). However, the rarer ones are made from cut-down trees around the world. You will see a blue dot appear in the water, there is where you will cast your fishing line with the F key. Hustle the Tension Game: You need to keep the tension of the line, otherwise, the fish would be out. This can be due to fishing having a few of the main benefits like these. The easiest bait that you will get in the early game is the Paste Bait. These come in a variety of rarities and the most common one among them is the Bamboo Fishing Rod. Go to the Amitoi House, send him off on a journey, and then travel back to Kastleton to speak to him again. Over time, as skills atrophy, players gain access to exalted fishing locations competing for the aesthetic and utility rewards offered by higher tiers. Hence it can be a bit confusing to start fishing and make the most of it right off the bat. A stamina bar will appear and you will need to deplete it completely to be able to reel in your catch To deplete the stamina bar, you will need to pull in the opposite direction in which the catch is swimming. Different fish will be required for different recipes, hence you would want to get your hands on all of them as buffs from cooked food are instrumental in making the late-game grind significantly easier. Players will instead be engaged in an activity that is way more interactive and skill-based. Once that is done you will unlock the Contract Coin Merchant NPC who will sell the Bamboo Fishing Rod to you for 300 Contract Coins. These rare fish can only be caught by players with advanced fishing skills, but they award more than regular catches. High Level Fishing Tricks Fishing appears simple initially, but it takes a little practice to nail the activity, including knowing how the various game mechanics associated with it work. To buy a fishing pole from any Contract Manager, you need to earn 300 Contract Coins. You can also get it completely free during Adventure Codex Chapter 3: Veterans Never Die, as a reward of the appendix: Adventures of the Expedition. Unlike some games where fishing without bait just takes longer, you can't cast your fishing rod in Throne and Liberty without equipping bait. Allowing players to catch fish for a bit of a distraction, fishing will serve as a core feature in Throne and Liberty and can be used to receive rewards and resources. Practice this mini-game to improve your overall success rate. Whenever your success rate gets lower than 50%, practice this mini-game to raise the success rate as a whole. Shrimp Bait will particularly attract small-sized fish such as Arowana, Banded Butterflyfish, Ballan Wrasse To get Shrimp Bait you will have to kill enemies in Windhill Shores and Daybreak Shore. Screenshot by The Escapist There are a few different types of bait in the game, but the easiest way to get started is to buy a Fishing Bait Chest from the Contract Manager. However, to be able to fish in the MMO you will first be required to get your hands on a fishing rod which will let you unlock the mini-game. Every day, you can buy 1 Fishing Bait Chest from the Contract Coin Merchant for 20 Contract Coins. This will get you a few pieces of bait in exchange for your fish and a bit of coin. Not bad, but you can only buy 1 per day. Line Tension Issues: Beware of line tension as too loose or tight can lead to lost catches. Play Around With New Gear: Use different rods and bait to discover what performs best in certain locations. Here are the two best ways of obtaining the fishing rod in the MMO: As you make your way through the main story missions, you will eventually complete your first Contract. It takes a little practice, but after a few casts, you'll be a pro. Once that is done, speak to the NPC again and you will obtain the Bamboo Fishing Rod as a reward. Fish Fillet Bait will particularly attract large-sized fish such as Solisium Carp, Barracuda, Blacktail Snook. Here is a guide on everything you need to know about fishing in Throne and Liberty. You have done up the rod, and now the next step is searching for a good place to fish. Once you reach Chapter 3, you will be able to boot up Adventures of the Expedition by talking to the Adventure Pro Percy in Kastleton. You should also fish in lots of different areas to catch a wide assortment of fish. Screenshot by The Escapist When the fish first bites, hit the left trigger button (Q for PC players) to start reducing the fish's health. The Global Launch version of Throne and Liberty is coming soon, and with it, an updated Fishing system. Platforms like LootBar offer a reliable way to keep stocked, helping players focus on exploring fishing locations and refining their skills without interruptions. You can pull in quite a lot of rewards while Fishing, but if your catch gets away, you still lose your bait. This costs 20 Contract Coins and gets you a guaranteed 50 Paste Bait. Some of the best fishing areas to mingle within are: Serpent Lake: Crowded with fish from the highest level, that frequent the place, thus is a place frequented by high players. Here are more advanced ideas that help to make you gold fishing: Experiment with Different Equipment: Try various rods and bait to see which combination works best in specific fishing spots. In my experience, this doesn't happen pretty often, so unless you really want to grind XP by killing crabs, it's not the best way to get bait in Throne and Liberty. You will find yourself noticing changes in equipment and catch rates. By not making these blunders, you save time and increase your chances of success. Also Read: Complete Throne and Liberty Gathering Guide: How to get and use world resources What kind of rewards await in Throne and Liberty's Fishing activity? Steps to Begin Fishing: Get Equipment: Buy or make a fishing pole and lure. And if you ask yourself, why fish? You can fish with it, but it won't help you catch rare fish like the other baits will. All game assets and images are copyrighted by their respective owners. However, do keep in mind that if your character's stamina bar is th one that gets depleted, you will lose your catch. These rods offer durability and special features to aid in managing more challenging catches. As you pull, keep an eye on the right HP bar. Head to the water and equip your fishing rod, then equip bait to it. Exploring Top Fishing Locations in Throne and Liberty Throne and Liberty have diverse fishing spots with their unique fishes and challenges. Whispering River: Menially steady catches make this a good starter river for low-risk fishing. Don't completely drain your stamina, though, or the fish will get away. Tevent Availability: Conquest events happen periodically and provide different rewards, so make sure to participate when this fishing rod is part of the prize pool. Acquiring Advanced Fishing Rods Once you've mastered the basics, upgrading to advanced fishing rods increases your chances of catching rare and high-value fish. But like Skyrim before it, this game has a fishing element to let players unwind from all those big battles when needed. Enjoy up to 20% Off on Game Top-Ups. You can also get a bamboo fishing pole as a quest reward for the Amitoi side quest Adventures of the Expedition – this is the easiest way to get a fishing pole, as it's much quicker than earning all those Contract Coins. The fish is going to swim left and right to try and get away, so pull in the opposite direction by pressing A or D. Here are some of the rewards sacks can drop (Image via Amazon Games) The primary reward for Fishing in Throne and Liberty is, of course, fish! You'll spend most of your time collecting an assortment of sea creatures. In my experience, you need to equip the pole right when you get to the water. Rivers, lakes, and ocean shores: these should be easy to find as they will almost always be marked on the in-game map (Alaska, however, has none). How To Get Your First Rod About Bait How To Catch Fish The first thing you need to start fishing is a rod. Worm Bait will particularly attract medium-sized fish such as Amberjack, Lanquis Barracuda, Taion Moray Eel. And that's it! Check out the video below to see how it's done, I was indeed fishing wrong until I saw it. After you get the bait, here are all the steps that you will need to take to start fishing in Throne and Liberty: Head to the Character selection of the menu and then look for the rod and bait option to the top left of your equipped weapons. With a solid supply of Throne and Liberty Lucent, players can unlock powerful features and enjoy a more enriched journey in the game. Here's how to get bait. Two bars will show up on your screen, an orange bar (fish stamina) and a green bar (your stamina). Note: This is a lot of coins to invest in a common fishing rod. Find A Fishing Area: The map will show nearby water bodies you can get to. This will then make it much easier to catch some of the more challenging fish in Throne and Liberty which are then used in high-tier cooking recipes. When you purchase through links on our site, we may earn a small affiliate commission. You can buy a rod and bait through the Contract Coin Merchant, but this costs a hefty amount of Contract Coins considering you're this early on. The left bar that pops up on the screen shows the fish's health. Crafting Advanced Fishing Rods If you prefer crafting, several advanced fishing rods can be created using specific resources. The fish you reel in can be used in a wide assortment of meals, which can offer valuable buffs as you progress through Amazon Games' latest MMO. Gather Nature's Jade consistently by fishing, as crafting rods may require multiple pieces of this resource.
