Recommend it to anyone trying to learn or refresh their French. I made around 2000 flash cards just from this A1 level book (), I was so surprised to see how many basic words I had forgotten. If studying alone, having the "Guide pédagogique and corrigés" book with you is a must. Luckily I was also able to find the audio recordings, so I could do all the audio/phonetic exercises. The terminology pages at the end were fantastic to check if you missed anything. Thank you for putting so much work Recommend it to anyone trying to learn or refresh their French.
