©HBO Content and Home Box Office, Inc. used under license. ©Bell Media Inc. All Rights Reserved ©HBO Content and Home Box Office, Inc. utilisé sous license. ©Bell Media Inc. Tous droits réservés Welcome to hell--a.k.a. Belle Reve, the prison with the highest mortality rate in the US of A. Where the worst Super-Villains are kept and where they will do anything to get out--even join the super-secret, super-shady Task Force X. Today's do-or-die assignment? Assemble a collection of cons, including Bloodsport, Peacemaker, Captain Boomerang, Ratcatcher 2, Savant, King Shark, Blackguard, Javelin and everyone's favorite psycho, Harley Quinn. Then arm them heavily and drop them (literally) on the remote, enemy-infused island of Corto Maltese. Trekking through a jungle teeming with militant adversaries and guerrilla forces at every turn, the Squad is on a search-and-destroy mission with only Colonel Rick Flag on the ground to make them behave...and Amanda Waller's government techies in their ears, tracking their every movement. And as always, one wrong move and they're dead (whether at the hands of their opponents, a teammate, or Waller herself). If anyone's laying down bets, the smart money is against them--all of them. Own the Digital and 4K Ultra-HD Now. Own the Digital and 4K Ultra-HD Now. August 6, 2021 Action/Adventure, Sci-Fi/Fantasy Don't get too attached to any of the Squad's new dysfunctional anti-heroes: everybody's cannon-fodder in this explosion of violence and comedy. 90% 372 reviews All reviews on Rotten Tomatoes (The) delirious mix of comedy and cartoon violence DC Comics fans hoped for... Full review More fun than last time but still with DC darkness... Full review Not a reboot or a sequel so much as a second chance. Full review Embraces a superhero vibe... and adds elements of workplace comedy, gritty war movie, dysfunctional family drama and kaiju disaster flick... Full review Bombastic, silly and self-aware... Full review Sometimes, you just need to watch a humanoid shark tear a man in half. Full review A good half of the jokes don't land, but unlike his predecessor's joyless slog, Gunn's version at least celebrates the nonsense... Full review Whichever way you slice it, this Squad... is fun to hang out with. Full review Gunn's distinct and self-assured vision... puts The Suicide Squad alongside the very best of modern comic-book filmmaking. Full review It's dazzlingly colourful and riotously crass, but also emotionally alive. Full review James Gunn gets it. His take on The Suicide Squad is unashamedly silly, but crucially never stupid... Full review Now that's how you do it. Full review Gunn gets it together with a wicked sense of humour and an evident affection for his characters... Full review In many ways, the gleefully profane, anything-goes mayhem of The Suicide Squad feels like a mega-budget version of the Troma Studios productions that gave Gunn his start. And thank goodness for that. Full review Only the man who wrote Tromeo and Juliet could deliver something this gleefully grotesque, vicious, and unapologetic, and the DC Universe is all the better for it. Full review Not a single gag lands and most of them offend. This might actually be worse than the first one. Full review It's not really for adults either. But the eternal inner adolescent that lives within us all will almost certainly have a swell time. Full review An absolute blast... Full review Not everything works here, but the sheer crazy confidence-through-chaos of the Suicide Squad and their bizarrely dysfunctional MO makes for a mighty spectacle. Full review The Suicide Squad is James Gunn at his most unhinged, unrestrained and unleashed, but the result is one of the best DC movies in years. Full review It's clear that (Gunn) understands not only the superhero genre but knows enough about the DC universe to satiate life-long fans. Better yet, he knows how to have fun... Full review James Gunn renders the half-grim, half-absurdist nature of the Suicide Squad with delightfully bloody abandon. Full review Endearingly sweet, even as it's spilling brain matter and gore by the bucket load. Full review James Gunn has done the seemingly impossible: He has found the fun in the Suicide Squad. Full review Now we can officially forget about the first Suicide Squad movie... Full review Gory, sentimental, brazenly adolescent, and never short on imagination... Full review Not only does it find the nastily enjoyable vibe that eluded its predecessor, but it also tells a story worth following... Full review The Suicide Squad is cunningly scuzzy, disreputable fun. Full review The Suicide Squad is available to stream in New Zealand now on Google Play and Apple TV and Neon and Neon Rentals and AroVision. Cast & crew User reviews Trivia A secret government agency recruits some of the most dangerous incarcerated super-villains to form a defensive task force. Their first mission: save the world from the apocalypse. A secret government agency recruits some of the most dangerous incarcerated super-villains to form a defensive task force. Their first mission: save the world from the apocalypse. A secret government agency recruits some of the most dangerous incarcerated super-villains to form a defensive task force. Their first mission: save the world from the apocalypse. 2.5K User reviews 692 Critic reviews Metascore The most depraved, deranged supervillains in the country are plucked out of a maximum security prison and enlisted by the government as a ragtag intelligence team in exchange for commuted sentences. Harley Quinn, Bloodsport, Peacemaker, and the rest of the now-former antiheroes face insurmountable odds as they fight to protect American interests. From DC Comics comes the Suicide Squad, an antihero team of incarcerated supervillains who act as deniable assets for the United States government, undertaking high-risk black ops missions in exchange for commuted prison sentences.
